

**To Whom It May Concern:**

I, Masoud Delkhah, a professional theatre director and an assistant theatre professor at Tarbiat Modares University in Tehran, am pleased to write a recommendation letter for one of my best and most talented young actors whom I have been very impressed by his talent and enthusiastic character for many years, Mr. Mohammad Sadeghi.

I have known Mr. Sadeghi for more than seven years since he was a very young student of mine in Method acting classes in Tehran in 2016. Mohammad was among the best and most creative students and was chosen to play an important part in my theatre directing project, "Mephisto". He did such a fine job in that project that he was accepted as a member of my professional theatre group, "Tehran Experimental Theatre" and played several important roles in my other theatre works including "King Lear". At the same time, I noticed Mohammad's serious interest in filmmaking and I know that since then, he has appeared in more than 10 stage theatre projects, 5 major TV series in National TV, as well as several supporting roles in Iranian cinema.

Overall, I see Mr. Mohammad Sadeghi as an intelligent, energetic, and talented young artist in acting, while being talented in filmmaking as well.

I strongly recommend Mohammad to any serious artistic program and hope he will get an opportunity to continue practicing his ideas in art.

**Sincerely yours,**

**Masoud Delkhah,**
